Subject: Fw: West Lake Call with PRPs

---

FYI, see links in Audrey's message, below. Two PRPs at West Lake have established their own websites, re: "smouldering event" and odor complaints.

MDNR has also added to its online content:

<http://www.dnr.mo.gov/env/bridgeton-westlake.htm>

and

<http://www.dnr.mo.gov/env/swmp/facilities/bridgetonsanitarylandfill-dnr.htm>

Subject:West Lake Call with PRPs

I just got a call from one of the West Lake attys to let me know that the PRPs had created websites to get their side of the story out. There are two websites:  
[www.westlakelandfill.com](http://www.westlakelandfill.com) and [www.bridgetonlandfill.com](http://www.bridgetonlandfill.com)

EPA is invited to express any concerns to them about the content. The PRPs have taken this action at this time (they had been planning it for awhile) because of the tv and newspaper coverage that has been in the St. Louis media this week.
